Dear Business Partners,

FGV Environmental Policy Statement

We would like to thank you for your continuous support and commitment to FGV Holdings Berhad (FGV).

As one of Malaysia's leading agri-business companies with global operations, FGV is committed in upholding and setting exemplary environmental practices in all of our business operations by operating in a sustainable and environmentally responsible manner.

In line with this, we encourage all business partners and third party providers of goods and services to incorporate environmental responsibility in every facet of your business to reduce undesirable environmental impacts, including but not limited to the following:

- Comply with all applicable environmental legislation, regulations and other requirements throughout our business operations;
- Implement sound environmental management plan by adhering to FGV Group Sustainability Policy;
- Ensure the protection of the environment including prevention of pollution by eliminating or minimising any potential adverse effects associated with our activities, products and services;
- Encourage our value chain partners to integrate environmental considerations in every facet of their business to reduce environmental impact;
- Promote an environmentally conscious workplace to all employees and workers through their active involvement and participation in environmental awareness and training program; and
- Continually improve the environmental management system to enhance environmental performance.

We seek your fullest support and commitment to operate in a sustainable and environmentally responsible manner.

Once again, we thank you for your kind understanding in this matter.
